About Aquantuo

Your premier global trade enabler, bridging international markets to Africa with technology-driven shipping, customs brokerage, and logistics solutions.

Global Sourcing & Logistics

Unified Global Network

We connect global procurement, air/sea shipping, customs compliance, and last-mile delivery. Present in key commerce hubs: USA, UK, Canada, South Korea, China, Dubai, and Africa.

Technology-Driven Flow

By blending tech-enabled platforms and on-the-ground local expertise, we remove classic bottlenecks from your international procurement and multi-channel supply operations.

Our Core Services

Ship For Me

Shop at overseas stores, ship to your custom Aquantuo address, and pay minimal tax-free rates directly to Africa.

Buy For Me

Struggling with international payment gateways? Let our concierge team handle complex procurement for you.

3PL Fulfillment

Store, pack, track, and dispatch e-commerce and retail items directly from strategically placed hubs.

Local Delivery

Prompt, secure, and fully tracked domestic delivery for individuals and businesses across several countries.

Shipping from USA to Ghana

Tailored Delivery Pathways

Aquantuo facilitates seamless shipping from USA to Ghana. Enjoy reliable options that suit both timeline and budgetary needs:

- **Air Freight:** Expedited shipping taking only 5 to 10 business days.
- **Sea Freight:** Cost-effective consolidation taking 6 to 8 weeks.
- **Customs Brokerage:** Complete stress-free clearance handled by our dedicated team.

Third Party Logistics

Empowering retailers, SMEs, and global brands with scalable, flexible, and robust B2B 3PL solutions that drive supply chain resilience.

Smart 3PL Provider Benefits

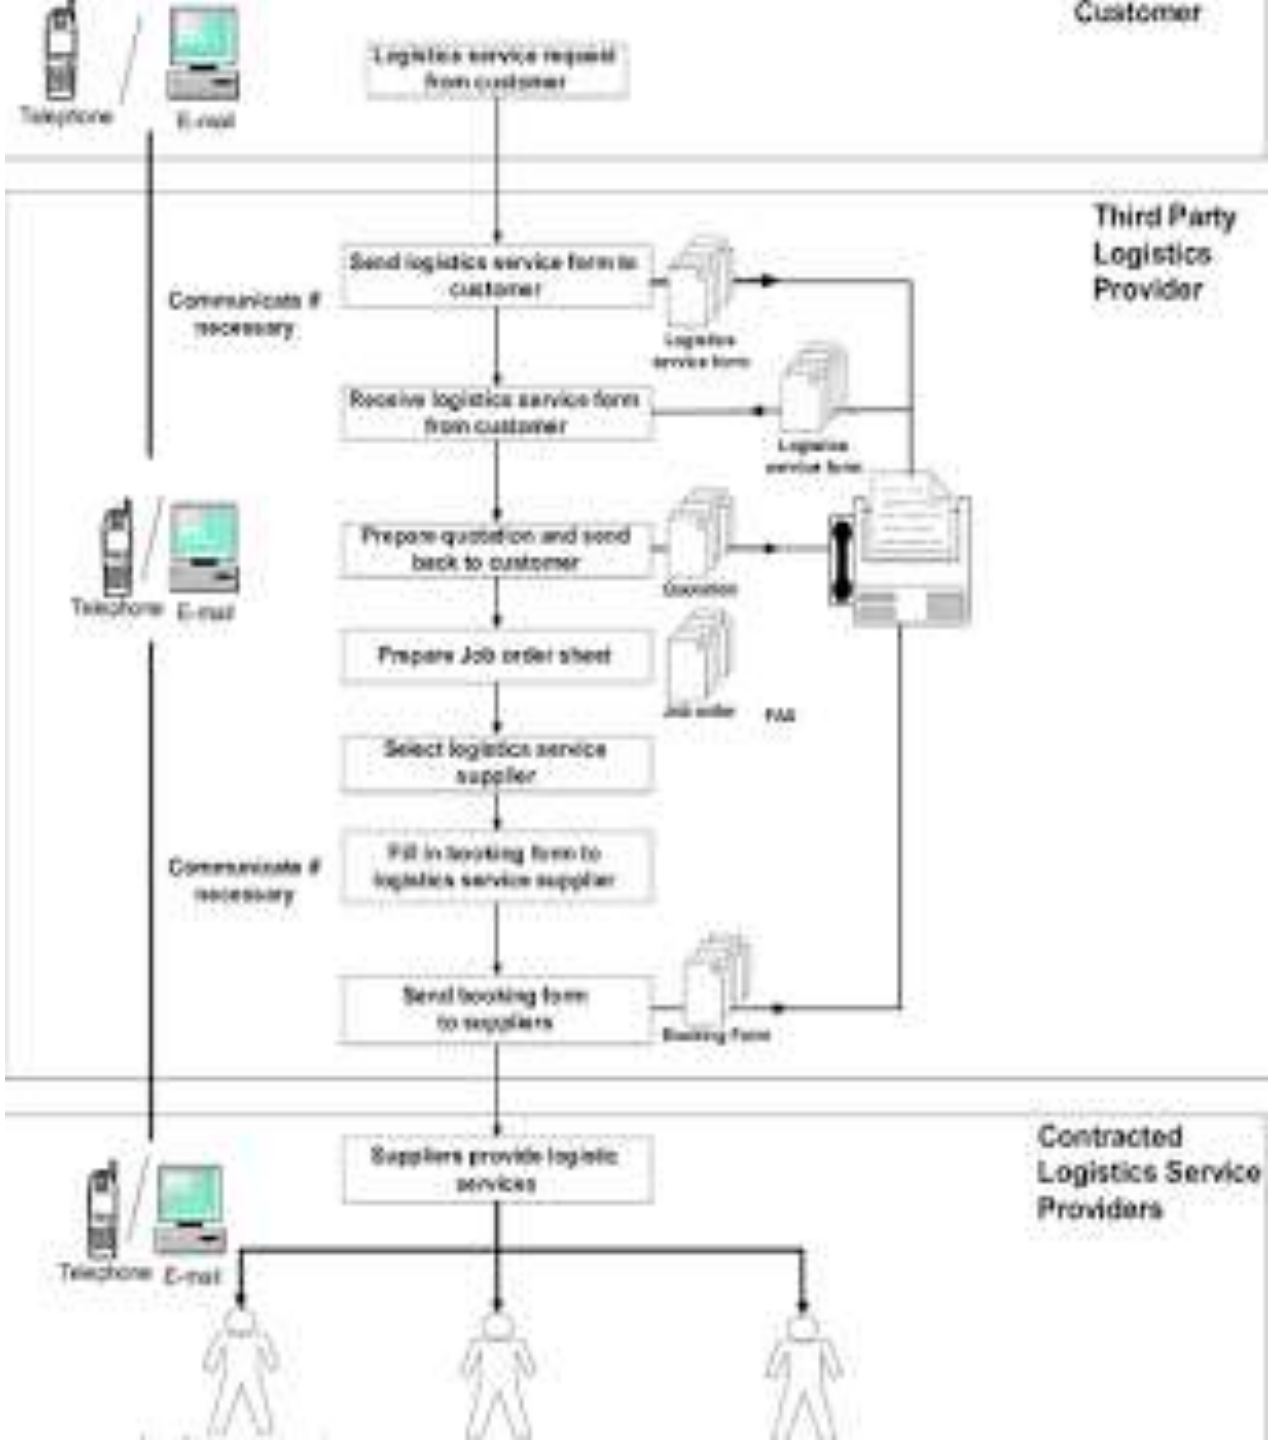
- **Cost Mitigation:** Save heavily on overheads by bypassing high upfront investments in secure physical warehouses.
- **Tax Optimization:** Enjoy zero sales tax perks by routing goods through our strategically designated US centers.
- **Last-Mile Delivery:** Seamless distribution with prompt dispatch, trusted couriers, and COD support.
- **Broad Scalability:** Respond instantly to market changes and seasonal spikes with customizable storage capabilities.
- **Integrated Tech:** Real-time automated tracking provides constant visibility into transit states and stock levels.
- **Global Navigation:** Let our experienced local brokerage teams navigate confusing customs policies on your behalf.

Warehousing & Fulfillment

Scalable Fulfillment Systems

Aquantuo functions as a premier Third Party Logistics Provider offering top-tier warehousing and fulfillment services. Avoid the hassle of self-managed setups.

We boast secure, state-of-the-art facilities strategically located inside prominent Industrial zones. This structural positioning ensures significantly faster dispatch rates, seamless product flow, and optimized last-mile efficiency.



Third Party Logistics in Ghana

West & East African Focus

Establishing robust third party logistics in Ghana, Nigeria, Kenya, Uganda, Rwanda, Zambia, DRC, and Tanzania. We address cross-border constraints by providing localized physical infrastructure.

In-house Brokerage

Unlike third-party logistics generalists who treat Africa as a side route, Aquantuo maintains proprietary customs clearing operations, minimizing border delays and stabilizing timelines.

How Our 3PL Process Works

1. Inventory Received

Stock is sent to our secure warehouses, checked in, verified, and safely logged into our management system.

2. Order Placed

Customers submit orders. Our system dynamically processes them and generates precise pick lists for the team.

3. Picked & Packed

Skilled staff secure the items, verifying each with strict quality checks, and pack them safely for transport.

4. Door-to-Door Delivery

Orders are dispatched swiftly. We handle customs brokerage, clear taxes, and deliver right to the door.
